Killin Time chords by Clint Black

[Intro]
   F C G

[Verse]
      G
You were the first thing that I thought of
                C
when I thought I drank you off my mind.
           G
When I get lost in the liquor
         D
you're the only one I find.
  G
If I did the things I oughta
          C
you still would not be mine
             G
So I keep a tight grip on the bottle
    D   G
gettin loose and killing time.
   G7   C   G
This killin time is killin me.
        D   G
Drinkin myself blind thinkin I won't see
     G7   C
that if I cross that line
       G
and they bury
         F
well, I just might find
        C   G
I'll be killin time for eterni-ty.

F C G

          G
I don't know nothin bout tommorow,
              C
I've been lost in yester-day.
          G
I spent all my life just dying for
         D
a love that passed a-way.
       G
There's an end to all my sorrow
             C
this is the only price I'll pay.
             G
I'll be a happy man when I go,
      D   G
and I can wait another Day.
             F   C   G
Yes, I just might find I'll be killin time for eterni-
ty.
