

When I Call Your Name chords by Vince Gill

[Intro]

C G D G

[Verse]

G C G
I rushed home from work like I always do
G A D
I spent my whole day just thinking of you
G C G
When I walked through the front door my whole
life was changed
C G D G
Cause nobody answered when I called your name

G C G
A note on the table that told me goodbye
G A D
It said you'd grown weary of living a lie
G C G
Your love has ended but mine still remains
C G D G
But nobody answers when I call your name

[Chorus]

G Dm C G
Oh the lonely sound of my voice calling
G D
Is driving me insane
G Dm C G
And just like rain the tears keep falling
C G D G
Nobody answers when I call your name
